

Hello,

I recently learned that you are considering making changes to the way FM radio is heard in my community. I urge you to leave KLOVE radio as it is now. I listen to this radio station almost everyday and obtain not only encouragement and entertainment, but also local and national news info. I very much enjoy having a commercial free radio station that plays the kind of music I listen to. KLOVE offers an alternative that I think is a service to our community.

Thank you,

Tami Pipkins
